Mystery Object

Due to popular demand, we will be starting our Helper of the Day routine this week. When your child is the Helper of the Day they will be in charge of leading our daily Mathematics routine. (Please note the manipulatives here will be cleaned at the end of each day). As the Helper of the Day your child will also be responsible for bringing a Mystery Object to class in a concealed bag. At the end of the day the other students will use their deductive reasoning skills to infer what the mystery object is. The Helper of the Day will be asked the following questions:

- 1) What colour is it?
- 2) What material is it made with?
- 3) Where do you find it in your home?
- 4) Do you use it or see it every day?
- 5) What letter does it start with?

Here is the schedule for Helper of the Day for the remainder of the month. If your child is not listed here they will have their turn in October.
